Petition to the House of Commons in Parliament assembled, WHEREAS

Canadians are against the WHO World Pandemic Treaty as it destroys Canadian's rights and freedoms.

- Given that during the COVID-19 Pandemic thousands of Canadians were denied their rights to bodily autonomy and their freedom of mobility and for a period of almost three years, six million citizens who choose not to be vaccinated were persecuted and attacked in their own country;
- Given that the WHO failed during the Covid-19 chapter as it encouraged lockdowns, suppressed early preventive treatments and recommended product interventions that have proven to be neither safe nor effective;
- Given that the WHO is a foreign corporate group that does not engage in a process of public participation - any private agreement that affects Canadian's lives, livelihoods, and well-being is not in the interest of the Canadian people;
- Given that without an unbiased democratic process, any agreement by the WHO, acting via the United Nations, will be unlawful, illegitimate, and invalid in Canada;
- Given that the proposed WHO agreement is unnecessary, and is a threat to sovereignty and inalienable rights. It increases the WHO's suffocating power to declare unjustified pandemics, impose dehumanizing lockdowns, and enforce expensive, unsafe, and ineffective treatments against the will of the people;
- Given that the WHO have concluded that public health and climate change as unconscionable and therefore they would be granted the power to lockdown Canadian society on this basis is a crime against Canadian's;
- Given the head of the WEF, Klaus Schwab and author of the book "Covid-19: The Great Reset" writes about a private foreign corporate plan for a New World Order – which involved forced vaccination;
- Given the WHO cannot be allowed to control the world's health agenda, nor enforce biosurveillance while it receives funding from public corporate sources, it is caught in a perpetual conflict of interest;
- Given that the United Nations and groups under the UN like the World Economic Forum authored Agenda21, Agenda2030, Agenda2050 and multiple other plans like the Sparks Pandemic 2025 - 2028 by Johns Hopkins Centre for Health and Security, Scenarios for the Future of Technology and International Development by the Rockefeller Foundation, etc;
- Given that the government of Canada has been infiltrated by members of foreign entities such as the World Economic Forum and are actively promoting these private foreign corporate agenda to set up an unelected fascist New World Order in Canada as well as pushing their Big Pharma and Biotech vaccines;
- Given the actions of the government in supporting these foreign corporate agenda attacks on Canadian's rights and freedoms under the Charter of Rights and Freedoms and the Canadian Bill of Rights through unlawful legislation;
- Canadian's call upon the government of Canada to stop participating with the WHO and to revoke our nation's membership in the World Health Organization;
- Canadian's demand that the government of Canada does not adopt the "Political Declaration of the United Nations General Assembly High-level Meeting on Pandemic Prevention, Preparedness and Response" that is scheduled to be adopted on September 20, 2023;
- Canadian's do not consent nor agree that the 194 unelected, unaccountable and foreign delegates to the World Health Assembly have been given the power to change international law with complete and total disregard for the will of the Canadian people;
- This proposed agreement is clearly designed to be a FRAMEWORK CONVENTION that is merely an agreement to set up yet another bureaucracy that would be designed to approve detailed protocols in the future that would govern our lives without Canadian Constituent's input or approval;
- Canadians are not willing to hand over our health, rights and freedoms to foreign interests – regardless of any such foreign corporate Agenda and demand the government pull out of the United Nations;
- Canadian Citizens want a public statement from the Federal government that they will uphold the rights and freedoms of Canadians regardless of Agenda21, Agenda2030, and Agenda2050 forthright;

We, the undersigned citizens and residents of Canada call upon the House of Commons and the Senate to:

1. Desist implementing the private foreign corporate UN, WEF, Klaus Schwab attack on Canadian's rights and freedoms in Canada;

*2. Call upon the **Government of Canada**, to publicly commit to uphold The Charter of Rights and Freedoms and the Canadian Bill of Rights;*

*3. Call upon all **Members of Parliament** to follow Canadian Law and represent your Constituents instead of foreign corporate private interest;*

Canadians feel our government has been following a foreign corporate unconstitutional agenda and demand the laws of Canada be followed instead.
